## TIPS ON CREATING THE PERFECT LOOK FOR THIS CHRISTMAS

It's time to deck the halls, trim the tree and put the champers on ice.

The festive season is the perfect time to welcome guests into your home. Now is the time to renovate or give your home a makeover, with Godfrey Hirst Carpets.

Celebrating with friends and family at Christmas time is a great Australian tradition. Be inspired by some of Godfrey Hirst carpets stylish tips to create a gorgeous Christmas look for your home.

Choose a colour scheme – Christmas doesn't have to be all about green and red. For maximum impact, follow your scheme through from the decorations on your tree to the way you wrap your gifts and dress your table.

Great colour schemes for Christmas include black, charcoal and silver; blue and silver; red and white; and even purple with silver or gold accents. Whatever you choose the key is to keep it consistent throughout.

Bring out your treasured family heirlooms and display them with contemporary tableware, to create your own personalised Christmas table setting.

Combine detailed classic pieces with simple modern shapes in solid colour, stripes or spots. By keeping the colour scheme simple, the contrasting styles will work in harmony to create a striking look for your table. Your friends will be impressed by your decorating flair and your Christmas dinner is sure to be a memorable one this year.

Show off your new Godfrey Hirst carpet by creating an interesting display using colour co-ordinated baubles in different sizes and finishes such as shiny, matte and glitter. Arrange them together to create circular shapes on

your carpet. This will create a unique, stylish Christmas work of art.

Presents can create an interesting effect under the tree, so keep in mind the colour scheme you selected for your home when purchasing papers and ribbons. Plus your family and friends will be thrilled when they see the effort gone into making their gift so special.
