

HYCRAFT CARPETS

HYCRAFT NATURAL WOOL CARPETS OFFER EASY LIVING BENEFITS AND MUCH MORE!

The way we live is changing. We are spending more time at home, want more space, are more environmentally conscious and invest more on making our homes comfortable and welcoming for friends and family. Furnishings are softer and carpets are in vogue.

With an array of rich, natural colours that only wool can provide and cutting edge designs, Hycraft Carpets are leading the way in carpet.

Naturally soft and quiet, Hycraft carpets natural wool and wool rich fibres offer easy living benefits. Hycraft wool carpets for all seasons are warm in winter plus their natural ability to control air moisture, provide a comfortable home environment all year round. And they are not hard or slippery.

With natural stain resistance, Hycraft wool carpets are easy to clean. Neither will they crack or scratch. So whether it is for your home theatre, living room, dining

area or bedroom, Hycrafts Carpets has your floors covered naturally. And naturally flame resistant, they are safe for your home.

'Intertwine' pictured is one of Hycraft's most popular products both in Australia and overseas. Made from 3 ply semi-worsted yarns in a spectacular hi-lo loop design in 9 gorgeous colours 'Intertwine' has a clean cut tailored appearance. And its unique 4 metre width can reduce wastage and joins. With a maximum wear rating it is particularly suitable for high traffic areas.

For your independent assurance of quality, all Hycraft carpets are tested and rated by both the prestigious Woolmark Company and the ACCS (Australian Carpet Classification Scheme).
