refresh your home WITH CARPET

SOFT AND LUXURIOUS, CARPET IS THE PERFECT WAY TO GIVE YOUR HOME A FRESH LEASE OF LIFE FOR SPRING.

As the weather becomes warmer, our thoughts often turn to refreshing our home. Gorgeous interiors are usually a mix of beautiful and practical, old and new. One of the best ways to give your decor a fresh look is to update your flooring, with carpet being the chic choice.

To get the right look, Godfrey Hirst Carpets offers a vast array of colours and styles so you can find the perfect carpet to suit your decor, whether it's classic or contemporary.

If you're in two minds about which carpet to choose, visit www.godfreyhirst.com and click on the Wall 2 Wall link, which will take you to the colour inspiration section of the site. Then, it's just a matter of clicking on the trend that best expresses your style. Once you've done this, hit on the different carpet colours so you can visualise which shade would look best in your home.

For the Simplicity interior (pictured left), opt for furniture with minimal detailing in natural finishes, such as raw or waxed timbers. Fabrics are simple with block prints while knitted throws add warmth and texture. Choose a neutral-coloured carpet in a textured design, such as the Godfrey Hirst carpet shown here. The result? A stylish, spring makeover.

Luxury underfoot Inspired by the latest looks from the world of fashion and design, Godfrey Hirst carpets are created with outstanding attention to craftsmanship. Designed and made in Australia, the company's range of world-class carpets cater for all styles, tastes and budgets. Unlike other types of floor coverings that have a limited scope for colour, Godfrey Hirst Carpets has an extensive range of hues to choose from. With a soft, but durable, flooring such as carpet, relaxing in front of the TV or watching a toddler take their first steps is much more enjoyable.
