

Forestville RSL, NSW

A refurbishment of the Forestville RSL transformed the venue from dark and outdated to light filled and modern, with the lounge featuring a modern Feltex woven carpet.

The floor was integrated into the interior design by reflecting the circular pattern of the large feature panels on the walls and ceiling in the design of the carpet. This clever use of pattern duplication and the contrast of varied charcoal tones in the carpet against the white panels make for a stylish place to entertain friends and family.
